## Have you ever wondered:

“What should I read next?”

Have you ever savored a remarkable book you wished you could share?

Are you ready to read one book a month and broaden your reading horizons?

Are you interested in a monthly reading group that promises book-centered discussions?

Have you ever wondered what a Book Club is all about?

A book club is a group of people who meet to discuss a book or books that they have read, and express their opinions, likes, dislikes, etc. We discuss everything from the author's writing style to book themes and universal truths.

The Adult Book Club is open to anyone 18 and older and no registration is necessary to join. Members may read the book in regular print, large print, e-book, or listen to an audiobook.

“For most people, what is so painful about reading is that you read something and you don't have anybody to share it with. **In part what the book club opens up is that people can read a book and then have someone else to talk about it with.** Then they see that a book can lead to the pleasure of conversation, that the solitary act of reading can actually be a part of the path to communion and community.”
