CloudLibrary

The CloudLibrary is a platform that you can use to borrow digital content -- ebooks and eaudiobooks. This platform is one-copy, one-user, which means that each title checks out like a physical library book would. Smithton PLD patrons may place up to 5 holds, and have 5 items checked out per card.

The titles offered on the CloudLibrary are ones you'd expect to be on our new shelf -- they include more recent, popular authors.

Check out your favorite app store to download the CloudLibrary app.

Choose "Illinois Heartland Library System" when prompted to select a library.
